

Helpful Information For Your Kjerag Trip 2016

Check out the Ferry Boat times to **co-ordinate** them with your flight times.

In general arriving at the Stavanger Sola Airport (SVG) in **the morning hours** on a Monday, Wednesday, or Friday work best for scheduling so that you **can leave the airport quickly** and catch the *12:30 Fast Ferry (*new summer time schedule from dates in June sometime). If your coming for the Heliboogie Monday June 20th would be your best choice for early morning arrival into Stavanger. Do not purchase expensive airline tickets that get you into Stavanger later and then missing the ferry boats into the fjord and having to stay overnight in a hotel just to catch the Lauvvik slow ferry or Lysefjord Tourist Bus in the next day.

There is a city map of Stavanger web link as well as other helpful links below. When you get to the Sola Airport catch the blue and white airport Flybussen bus (or taxi) to the "**Fiskepiren**" **destination**, Fiskepirterminalen building in Stavanger. Dock Route # 13 located next to Fiskepirterminalen Building, where the Fast Ferry leave from in Stavanger, the street address there is 14 Verkgata street. Verify with ferry web links below as 2016 does have some slow ferry departures leaving from Lauvik and a bus is needed to get from Stavanger to Lauvvik. These Ferry final destination is at Lysebotn where the Base Klubb and accommodations are located.

This is the best place to purchase groceries for your trip into the Fjords because its just next to the Ferry Docks.
